

# CONTRACT MANUFACTURING

Starting in 1995, Kiesub has been building cable assemblies, wire harnesses, battery packs, turnkey box builds, and now LED signs, panels, shelves, and other creative LED projects. Our manufacturing capabilities include machine harnessing, cutting & stripping, electro-mechanical & panel assemblies, kitting & custom packaging, and more.

Trained and certified operators recognized by IPC A-620 ensure that the quality level of our products meets or exceeds your highest expectations. Request a quote by calling or emailing Margie White, Sales/Marketing Manager at (702) 733-0024 x106.
