Energizer EN22 Industrial 9 Volt Battery, 12/pk

Energizer EN22 Industrial 9 Volt Battery, 12/pk

Energizer® Alkaline batteries are available in a wide variety of sizes to fit most applications and operate well in extreme temperatures, and they can be stored for a up to 7 years before use.

Classification: Alkaline

Chemical System: Zinc-Manganese Dioxide (Zn/MnO₂)

Designation: ANSI-1604A, IEC-6LR61

Nominal Voltage: 9.0 volts

Operating Temp: -18°C to 55°C (0°F to 130°F)

Typical Weight: 45.6 grams (1.6 oz.)

Typical Volume: 21.1 cubic centimeters (1.3 cubic inch)

Jacket: Metal

Shelf Life: 5 years at 21°C

Terminal: Miniature Snap

Price per box of 12

\$1.59 each x box of 12 = \$19.08

Batteries are excluded from free shipping.

Energizer CHVCMWB-6 Recharge Value Battery Charger with 4 AA and 2 AAA Rechargeable Batteries

Energizer CHVCMWB-6 Recharge Value Battery Charger with 4 AA and 2 AAA Rechargeable Batteries

- Charges AA and AAA NiMH (nickel metal hydride) batteries
- Automatically turns off when batteries are fully charged
- Durable construction for reliable performance

The Energizer Recharge Value Battery Charger for NiMH Rechargeable AA Batteries and AAA Batteries is a solid value when it comes to charging your rechargeable AAA batteries and AA batteries. This AA and AAA battery charger has four slots and charges 2 or 4 rechargeable batteries with a 8-hour charge time. Auto shutoff and overcharge protection on this AAA and AA battery charger allow safe charging for long lasting batteries. Use this battery wall charger at home to power NiMH rechargeable batteries for all types of gadgets. This Energizer battery charger has an easy-to-read LED display to show the charging status with a red light to indicate it's charging and green to show it's done. A bad battery indicator light on the rechargeable battery charger shows you when your batteries go bad. Energizer is the world's #1 rechargeable brand.

- One Energizer Recharge Value Battery Charger for NiMH Rechargeable AA

Batteries and AAA Batteries

- Value battery wall charger charges NiMH rechargeable batteries in 8 hours for long lasting batteries
- Use this charger to recharge batteries for all types of electronics
- Battery charger has 4 slots for rechargeable AAA batteries and AA batteries
- Built-in, fold-out plug makes this battery charger easy to store when not in use
- Compatible with all AAA or AA NiMH rechargeable batteries (Energizer Recharge batteries recommended)
- World's #1 recharge brand (according to market survey data)
