Caig D5S-6-LMH DeoxIT

Caig D5S-6-LMH DeoxIT

DeoxIT D-Series D5 Spray, 5% solution, flushing action, L-M-H adjustable valve, 142 g (182 mL), each
(Applications = 1200 +/-)

Can using the original Low-Med-High (LMH) Adjustable valve

DeoxIT D-Series Contact/Connector Treatment, Deoxidizer, Rejuvenator & Protectant

Part No. D5S-6-LMH (142 g)(182 ml):
Original Low-Med-High Adjustable Valve

Applicator: Spray, provides flushing action, briefly flammable (until solvent evaporates within 2-3 minutes).

Formulation: 5% DeoxIT (active ingredient), 75% odorless mineral spirits (carrier solvent), 20% propellant

Use: Solvent is slower to evaporate, providing flushing action to remove surfaces dirt, grease and other contaminants. Is ideal for connectors and components removed from equipment or those that are easily accessible.

Notes: Use when over spray not an issue. Formulation safe on plastics. Always recommend testing for compatibility, especially on critical/sensitive parts, and vintage equipment with aging ABS plastic(s). On rubber, may swell until solvent evaporates. For quick-dry, non-drip spray, we recommend Part Nos. DN5S-2N and DN5S-6N.

Caig D100L-CPK DeoxIT Cell Phone Connector Cleaner

Caig D100L-CPK DeoxIT Cell Phone Connector Cleaner

DeoxIT Cell Phone Connector Cleaning Kit, D100L Brush Bottle, 100% solution, 1.6 ml,

(Applications = 50 +/- drops, 0.04 ml/drop)

Ideal for connections on your cell phones, PDA s, MP3 Players, Cordless Phones and Mobile Radios.

100% Liquid, No solvents

Applicator: Micro Brush, provides NO flushing action, applies 100% DeoxIT, Great for OEMs or include in service kit.

Formulation: 100% DeoxIT.

Use: When contact and connector are easily accessible. No flushing action.

Notes: Use when over spray is an issue on materials. Formulation safe on plastics. Recommend wiping off excess, leaving a thin layer. After application, if you notice a green or black discoloration (sometimes over time), this indicates it is doing its job (dissolving oxidation) and improving the connection. Wipe off and re-apply DeoxIT.

X3 Hurricane Variable Speed Canless Airsystem 260+ MPH

X3 Hurricane Variable Speed Canless Airsystem 260 MPH

- This is our **strongest and quietest unit ever!** The variable speed trigger allows you to use as little or as much power as necessary which also allows you to control the noise level. It is perfect for the strongest job but also allows you to work quietly in a busy office or retail environment.
- This unit is equal to over 5,000 cans of traditional duster.
- Designed for corporate and IT department use, **if you use a lot of canned air and want the most power possible you need this unit.**
- Great for cleaning large computers, server rooms, camera lenses and mirrors, high-end medical equipment, displays in retail stores, complex circuit boards and so much more.
- 2 Year Warranty.
- Rated for outlets 110-240v.

Hurricane Vs Canned Air

- NO CHEMICALS!
- No greenhouse gasses!
- If inhaled you would only be inhaling the same air you breathe.
- No fear of inhalant abuse.
- No proof of age needed to purchase.
- No secured inventory issues for retailers.
- Can be used continually for over 15 minutes and will never freeze-up or cause frostbite.
- Can be used at any angle.
- No flash fires resulting in severe burns caused from chemicals –
CHEMICAL FREE!
- Will not explode in any temperature.
- The 02 Hurricane does not produce any pollution.
- No chemical residue danger to sensitive electronics.
- Uses limited only by your imagination.
