

Klein Tools J206-8C All-Purpose Pliers

Klein Tools J206-8C All-Purpose Pliers

The Klein Tools J206-8C All-Purpose Pliers combine the features of a wire stripper and long-nose pliers in one. This tool can cut, strip, and loop 8-16 AWG solid and 10-18 AWG stranded wire. The long nose is great for grabbing and looping wire. It also has shearing holes for 6-32 and 8-32 screws, and is spring loaded for self-opening action.

- Spring-loaded for self-opening action
- Strips and cuts 8-16 AWG solid and 10-18 AWG stranded wire
- 6-32 and 8-32 screw shearing
- Forged steel for maximum durability
- Induction-hardened cutting knives for hard wire
